Association of Old Crows

THE ELECTRONIC DEFENSE ASSOCIATION

2300 Ninth Street South, Suite 300

Arlington, Virginia 22204

(703) 920-1600

29 March 1984

Mr. William J. Casey
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Casey:

The Association of Old Crows will induct Dr. Reginald Victor Jones of the United Kingdom into the Electronic Warfare Hall of Fame. The official induction will take place at a Hall of Fame Banquet to be held in the Washington Hilton Hotel from 8:00 p.m. to 10:30 p.m. on 23 May 1984.

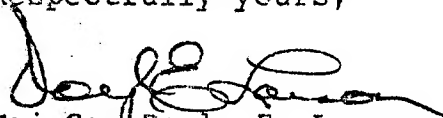

As you know, Dr. Jones was a brilliant pioneer in the development and employment of countermeasures to German radio and navigational bombing systems in World War II. In addition, he has been a prolific, scientific innovator throughout his long and successful career. He has made, and continues to make, outstanding contributions to the Free World's electronic defense capability.

The induction of Dr. Jones into the Hall of Fame is in recognition of his life long pioneering achievements in a totally new field of endeavor. Each professional in this field is indebted to Dr. Jones for his history making contributions during World War II and continued leadership in the profession.

The Association has invited General John W. Vessey, Jr., the Chairman of the Joint Chiefs of Staff, to present the Hall of Fame Award to Dr. Jones. We would be honored to have you and Mrs. Casey as our headtable guests at the banquet and at the reception which will be held immediately preceding the banquet. I am certain Dr. and Mrs. Jones would be most pleased if you and Mrs. Casey will be available to attend. The dress will be formal.

I have enclosed a brief history of Dr. Jones' career, a copy of the citation for his Hall of Fame Award, and an Information Paper about the Association. If you need any additional information concerning the banquet, please contact me or the Association's Executive Director, Mr. Gus Slayton, by telephone at (703) 920-1600.

Respectfully yours,

Maj Gen Doyle E. Larson, USAF (Ret)
President
